

UKVI account update map

Before you travel or start a new check: update your UKVI account details

A practical AWWN guide with matching symbols, quick actions and official links.

Open your UKVI account

Use the official GOV.UK sign-in route before travel, work, rent or study checks.

Update passport/contact details

Check phone, email and identity document details before someone asks for evidence.

Create share codes only when needed

Use live share codes; do not rely on old screenshots.

Keep control of access

Do not share passwords, one-time codes or recovery details casually.

Check before travel

Make a quiet check before travel, work or renting.

Get qualified help

Use official pages and regulated advice for complex cases.

Use this page: start at the top-left card, then keep the source links for when you need the official route.
